**Re: ADA – Indiana Request for Proposals**

---

**Notice:** HOPWA 02-05

Enclosed please find a request for proposal from ADA- Indiana, Indiana's State ADA Steering Committee. ADA-Indiana will fund organizations in Indiana to carry out Community ADA Implementation projects in the year 2003.

ADA- Indiana serves as a centralized, statewide vehicle through which all those interested in promoting the implementation of Americans with Disabilities Act can provide direction through the State. ADA-Indiana was established in 1991. It is part of the six-state Great Lakes ADA and Accessible IT Center coordinated by the University of Chicago. The National Institute of Disability and Rehabilitation Research funded ten of these regional centers to provide technical assistance to businesses and governmental agencies to support ADA implementation.

If you have questions regarding the request for proposal please contact the Indiana Institute on Disability and Community at (812) 855-6508.
